## EDUCATION

### Full Stack Web Developer - Full Time

Masai School  
April 2022 - January 2023

BCA  
COCSIT  
July 2018 - May 2021

## TECHNICAL SKILLS

Java | Maven | Spring Boot |  
Spring Core | RESTful APIs | MySQL |  
Git | Restful API | Websphere |  
Jenkins | Thymeleaf | JavaScript |  
CSS | HTML

## SOFT SKILLS

Problem Solving | Teamwork |  
Dedication

## INTERESTS

- Travelling
- Listening to Podcast

## CERTIFICATIONS

- NSDC Certificate
- Basic of Web Development
- Zoom Marathon Challenge
- GCC-TBC

# Kajol Kolagir

## Java Backend Developer

### PROFESSIONAL SUMMARY

Professional Summary: Dynamic Java Backend Developer with strong expertise in Java, Spring Boot, and RESTful API development. Proven ability in collaborative team environments and efficient problem-solving. Dedicated to optimizing performance, scalability, and security in backend systems. Passionate about leveraging industry best practices to enhance software solutions.

### PROJECTS

#### 1. Bus Ticket Reservation System | |

Java | MySQL | JDBC | Git & Github

- Developed a console-based application using Java and MySQL to manage bus ticket bookings.
- Implemented user authentication, allowing administrators and customers to perform essential functions.
- Integrated JDBC for seamless database communication and ensured data persistence.
- Utilized Git and GitHub for version control and collaborative development.

#### 2. Blog Application | |

Java | SpringBoot | Spring Core | Spring Data JPA | Hibernate | MySQL | Postman |  
Swagger | Maven | STS | Swagger | Git & Github

- Designed and developed a full-featured blog application using Spring Boot, Hibernate, and MySQL.
- Implemented user authentication, CRUD operations for posts and comments, and categorized posts for better organization.
- Handled data persistence using Spring Data JPA, and integrated exception handling for robust functionality.
- Used Postman and Swagger for API testing and documentation, ensuring reliable RESTful services.

### WORK EXPERIENCE

#### Clayfin Pvt. Ltd.

Software Trainee | May 2023-present

#### Job responsibilities:

- Collaborated effectively with cross-functional teams to write and integrate API services into dynamic UI screens.
- Showcased proficiency in debugging and resolving production issues, significantly enhancing the overall software quality.
- Demonstrated expertise in deploying applications using IBM WebSphere, managing server-side application deployment seamlessly.
